Liberal Anglicans shocked at the imposition of the Anglican Communion Covenant can be fast tracked on to the General Assembly Roll of Ministers and may in new church plants keep elements of Anglican patrimony consistent with Unitarian standards of Freedom, Reason and Tolerance. This **Welcome Event** will allow transferring ministers to meet one another and share notes. Transferring ministers will undergo rapid courses in Unitarian History and Unitarian Ethos starting with the week at Great Hucklow Nightingale Centre. Some ministers may prefer to minister at existing congregations. Chapels looking for ministers will send representatives for interviewing during the week. .
